

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is a dangerous precedent. Sinclair is supporting a government bought by the elite for the elite.

We want broadcasting that serves the common good, is fair, respectful of ideological differences, and either attempts to be impartial or balances skewed opinions with opposing skewed opinions.

Sinclair's actions underscore the need to strengthen media ownership rules, not weaken them. The definition of this type of broadcasting is "brainwashing". Please don't allow it. Thank you.
